

Monthly Newsletter - April 2026

This is your official spot to find out what's happening, what's coming up, what you missed, what you shouldn't miss, and occasionally something to make you laugh at your desk.

So let's get it *started in haaa...* (Black-eyed Peas.. anyone?)

YSN Welcome Packet

The one thing most NSPS YSN State Coordinators have been asking for....

Check out the revised and super fly Welcome Packet in the attachment below. [NSPS-YSN-Welcome-Packet 2026.pdf](#)

The Welcome Packet will be on the State Coordinator resource page and be password protected moving forward! [State Coordinators Resources - NSPS Young Surveyor's Network](#)

This packet is meant to give a jumpstart to their new leadership role! Because let's be honest, many of you were 'voluntold' into leadership and handed zero instructions. This is just the beginning. Enjoy!!!

New NGS Datum

You know the thing NGS has been talking about since EVERR (it feels like anyway) well, it is final here. The new datum is rolling out this year and YSN has a take on it. Check out the article on LinkedIn. [\(4\) NSPS Young Surveyors Network \(YSN\): Posts | LinkedIn](#)

Podcast for Young Surveyors

How many podcasts are you currently listening to? Could you add one more?..We think so.

A podcast coming to you soon.. Between the Stakes is a podcast about young surveyors for young surveyors. Let's be honest... we need this. And FYI.. it wont be PG.

Alrighty y'all, that's it for now.
More to come!

Happy Surveying,

NSPS YSN Board
